Church of the Redeemer.

(Rev. Edward Fulenwider, pastor). Nothing preventing, the following will be the programme of divine services at the Lutheran Church of the Redeemer next Sunday:

11:15 a. m. The regular morning service. The pastor will preach on the subject, "Instability, the Fatal Enemy of Excellence." The words of the text are, "Unstable as water, thou shalt not excel." These words were spoken by an old gray-haired father concerning his eldest son, Reuben, who was a double-minded man, one that you could not put your finger on—you could not tell where he stood on any subject. His old father had little or no confidence in him. Some practical thoughts will be presented in the sermon on the importance and need of stability in men at this time and the cause of instability. The illustration of the water will be used.

8 p. m. The evening service, with a sermon by the pastor on the subject, "The Value and Importance of Human Life." What do you think of your life, and that of the other fellow? There will be good music at all the services.

The public is cordially invited.

BUXUM BABY BOY
IN OCTAGON SOAP BOX

LEFT IN FRONT YARD OF MR. B. H. WILSON WEDNESDAY NIGHT.

Dr. Setzler Says Baby is Healthy and Apparently From Two to Five Days Old—Being Cared For.

Thursday morning when Mr. B. H. Wilson walked into his front yard at about a quarter to 7 o'clock he saw an ordinary octagon soap box inside the yard near the front gate. Upon examination he found in the box, wrapped in two blankets a real live white baby boy. There was a bottle of warm water placed inside the box and apart from this there was nothing else in the box. Mr. Wilson immediately phoned for Sheriff Blease.

Sheriff Blease responded to the call and took with him Dr. J. B. Setzler. Dr. Setzler examined the little fellow and stated that he was about three days old and is a very healthy specimen of humanity and as Sheriff Blease says bright and good looking. The child was brought to town and Sheriff Blease purchased some clothing for it and Policeman B. F. Melton kindly offered to take care of the child, pending investigation of the case. There is no evidence indicating who left the child nor where it came from. Sheriff Blease and Dr. Setzler state that it had probably been left in the yard not more than a couple of hours, as the water in the bottle was still warm, but whose it is or whence it came no one knows. For the present it will remain with Policeman Melton and his family. Mr. Wilson lives on the Capitol-to-Piedmont highway about two miles north of Newberry.

Death of Mrs. Julia F. Weeks.

Mrs. Julia Felder Weeks died on Monday afternoon at the home of her son, Dr. C. D. Weeks, in her 68th year. Mrs. Weeks was the widow of Jas. W. Weeks, of Packville, Clarendon county, S. C., and daughter of James Dixon and Elizabeth Weeks, of Pinewood. She was the mother of five children, of whom two survive: Mrs. Edna W. Remsen, of Washington, D. C., and Dr. C. D. Weeks, of Newberry. Of a large family only two survive: Mrs. Anne Munnerlyn, of Bishopville, and John W. Weeks, of Pinewood.

Mrs. Weeks was a woman of graceful manner and gentle bearing and had many friends who deeply lament her death. She was a devoted member of St. Luke's Episcopal church, and the funeral services held at the residence, were conducted by the rector, the Rev. S. R. Guignard, assisted by Dr. E. Pendleton Jones, pastor of the first Baptist church, on Wednesday afternoon at 4:30 o'clock. Out on the beautiful lawn east of the house, a thick set hedge secluded perfectly with roses and beautiful foliage all around, the green grass for a carpet, the blue sky for a dome, with soft winds whispering, the beautiful burial service was read over the bier, in the presence of loved ones and many sorrowing friends. The hymns, "Lead Kindly Light," and "Abide With Me," were sweetly sung by a quartette consisting of Misses Edna Hipp and Ruby Holloway, Dr. J. B. Setzler and Mr. R. E. Allen. The service was concluded at the grave at Rosemont cemetery, where she was tenderly placed by the side of those who had preceded her in that last long sleep, while soft voices sang of the "Blessed Home" to which she had gone.

The pall bearers were: C. Blease, O. B. Cannon, I. H. Hunt, S. M. Duncan, Robert Pool, Robert Holmes. The relatives attending the funeral of Mrs. Weeks were: Her brother, Mr. J. W. Weeks, of Pinewood, her sister, Mrs. Munnerlyn, of Bishopville, her daughter, Mrs. Remsen, of Washington and a grandson, Howard Remsen, of Harvard university. Also two nephews, the Rev. Tracy Munnerlyn, of Gray Court, and Mr. Olin Munnerlyn, of Fountain Inn.

DISPENSARY PETITIONS
FILED WITH SUPERVISOR

CONTAINS ABOUT NINE HUNDRED NAMES FOR ELECTION.

In Hands of County Attorney Holloway And Supervisors Registration—Election Will Probably Be Ordered.

The petitions which have been circulated asking that an election be had on the question of dispensary have been filed with Supervisor Chappell. Supervisor Chappell says that he will turn them over to Mr. H. C. Holloway, clerk and attorney for the county, who with the county board of registration will go over them and see how many names ought to be taken off and as soon as this is done, if there are a sufficient number to order the election, he will order it. If there are not a sufficient number of signatures he will not order the election.

The petitions contain about 900 names according to a statement made by Mr. Chappell.

We are not informed but there are probably not exceeding 2,000 to 2,400 registered qualified electors in the county, so that unless the petitions contain a great many names who are not qualified electors, the election will be ordered. In the event that it should be, the election will not be held until the general election in November. This provision was put in the law so as to remove as far as possible the whiskey question from our primary elections in August.

To Hograisers of Newberry County.

I understand there is a hog cholera in several sections of Newberry county. I also understand that there is one or more "so-called cholera cures" being sold to the farmers under pretence of curing hog cholera.

Now, I will state for the information of all that there is no cure for hog cholera known to science. But scientists have produced a serum that has been very successful in the prevention of hog cholera, and I would recommend and urge that all well hogs in or near the infected pastures be treated with the serum as a preventive.

All dead hogs should be burned or buried as required by law, as a precaution against the spread of the disease. Also the premises where cholera exists, should be carefully cleaned and disinfected as there is danger of your neighbor who comes to see your sick hogs, carrying the germs home with him on his shoes or otherwise, thereby spreading the disease.

Pens and feeding troughs should be disinfected with a 5 per cent. solution of Carbolic Acid, or some similar disinfective.

The cholera serum can be secured from Clemson college at a cost of about 50c for a hundred pound hog. And I will be glad to come to your home and inject the serum for you free of cost, and assist in stamping out the dread disease. If my services are needed please write me or phone Prosperity No. 2613.
